ABOUT US

Research, Development, and Innovation are the basis of our foundation. Cojali is a European manufacturer of technology for the commercial vehicle industry. With over 30 years in the industry, we have grown our presence slowly but surely to over 135 countries. In this period we have evolved with the market and its demands, always setting our goals on providing solutions that will allow our customers to be the best at what they do while being at the forefront of technology and innovation!

Cojali USA, established in 2010, is the first Cojali subsidiary outside of Europe. With a dedicated team of over 40 professionals, it serves markets across the USA, Canada, Central America, and parts of South America. It also hosts its own US-based technical support team, featuring ASE-certified diesel technicians to ensure top-tier assistance.

THE PRICELIST EXPLAINED

Welcome to the new Cojali USA Pricelist! This document is your guide to navigating our diverse range of products, categorized into Diagnostics, ISOBUS, Telematics, and Tools. To help you get started, we've included the most popular part numbers, making it easy to find what you need. If you're searching for something not listed, your Cojali point of contact is here to assist you.

HOW TO NAVIGATE THE DIAGNOSTICS SECTION

The Diagnostics section has been designed to help you configure the perfect Jaltest Diagnostics kit in just five simple steps:

1. DETERMINE YOUR MAIN COVERAGE

Start by identifying the primary category of vehicles or equipment you work with. If you specialize in trucks, Jaltest CV is your solution. For agricultural machinery, Jaltest AGV is the go-to choice, and so on. On pages 8 and 9, you'll find a detailed description of each coverage option, including ideal users and case scenarios to help you choose the best fit for your needs

2. EXTEND YOUR COVERAGE

If you need to cover additional vehicle categories, this step helps you add complementary licenses. For example, many workshops specializing in trucks also service construction equipment and can extend their kit accordingly.

3. SELECT ADDITIONAL CABLES

All kits include essential cables to get started: USB for connecting the diagnostics box to a laptop or tablet, OBD, 6-pin, and 9-pin connectors. For more specific needs, such as off-highway equipment, recommended and optional individual cables are available in this step.

4. ENHANCE YOUR KIT WITH ADD-ONS

Power up your diagnostics kit with valuable add-ons:

- **Jaltest INFO:** Included with all kits for the first year, providing access to comprehensive technical information.
- **Jaltest INFO Web:** Access Jaltest Info via your browser without needing a diagnostics box connection.
- **Jaltest Advanced Technical Support:** With just a phone call, you'll have access to a team of experts ready to help you with any issues related to your diagnostic software or repair procedures.
- **Central Services:** Unlock advanced dealer-level features, like Cummins ECM updates, with our expert ASE-certified diesel technician support.
- **Bendix Acom AE License:** Exclusive to Jaltest users, enabling OEM software within the Jaltest interface.

5. CHOOSE YOUR DEVICE

Complete your kit with a rugged laptop or tablet, ensuring reliability in any workshop environment.

KEY HIGHLIGHTS

On page 6, explore Jaltest Diagnostics' key selling points, and on page 7, dive into the step-by-step configuration process.

We hope this structure makes it easy to find the right solutions for your business. Let's move forward together!

WHY JALTEST DIAGNOSTICS?

JALTEST DIAGNOSTICS INCLUDES ALL THE RESOURCES THAT A DIESEL TECHNICIAN NEEDS AT HAND

ALL-SYSTEMS SCAN

Engine, Aftertreatment, Transmission, Brakes, Cab Controllers, and Hydraulics.

TECHNICAL INFORMATION

All technical information including wiring diagrams, troubleshooting, component locations and pictures...

WIDE COVERAGE

Wide coverage across a broad range of brands, including Peterbilt, Kenworth, Freightliner, Paccar, Mack, Caterpillar, John Deere, Volvo, and many more.

ADVANCED TECHNICAL SUPPORT

US-based certified diesel technicians, assisting in executing actions and interpreting technical information for users.

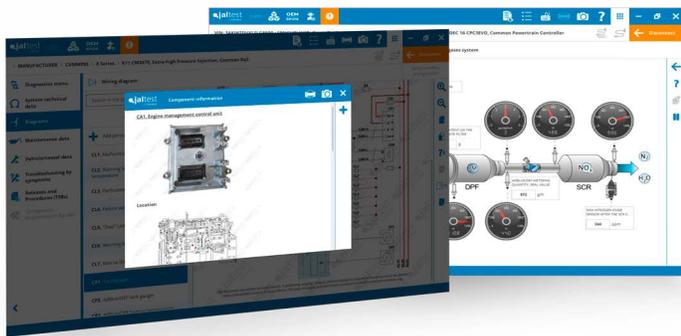

DEALER LEVEL CAPABILITIES

Calibrations, parameter settings, system checks, DPF regens and resets, cylinder cut-out tests, etc.

CENTRAL SERVICES

Perform Cummins Revisions Updates, International Body Controller Updates, Paccar Parameter Change MX PCI EPA 13-17 and Detroit Diesel ECU Update.

HOW TO CONFIGURE YOUR JALTEST DIAGNOSTICS TOOL

You can customize your diagnostic kit by following these steps:

1. PICK THE JALTEST KIT FOR THE COVERAGE YOU NEED

Jaltest
CV

Jaltest
OHW

Jaltest
MHE*

Jaltest
AGV

Note: The Jaltest MHE Kit doesn't allow any upgrades.

2. DO YOU NEED ADDITIONAL COVERAGE? NO PROBLEM, ADD JALTEST LICENSES

Jaltest CV
Upgrade

Jaltest OHW
Upgrade

Jaltest MHE
Upgrade

Jaltest AGV
Upgrade

3. HOW TO CHOOSE YOUR CABLES.

- Bendix Acom AE [➔](#)

5. DO YOU NEED A LAPTOP OR TABLET?

We have you covered:

- Jaltest Rugged PC [➔](#)
- Jaltest Rugged Pad [➔](#)

Note: Jaltest requires Windows 10+, 20GB+ hard drive, 2GB+ RAM, Intel Processor 3+, Bluetooth.

I. JALTEST DIAGNOSTICS KITS

JALTEST CV KIT (Includes Jaltest INFO)

Part Number: **29209**

MSRP: **\$ 7,500**

COVERAGE: All ECUs on commercial vehicles (Class 3-8, Light duty, Medium duty, Heavy Duty, Trailers, Buses): engines, transmissions, ABS aftertreatment, body, chassis.

DEALER-LEVEL ACTIONS: DPF regenerations, Cylinder Cut Out tests, injector coding, and more. Compatible with popular brands like Peterbilt, Kenworth, Freightliner, Paccar, and Mack

IDEAL FOR: Repair shops, service centers, single-technicians, fleets.

This part number includes **Jaltest INFO** which allows the user to access all the technical information available in the software.

JALTEST OHW KIT

Part Number: **29211**

MSRP: **\$ 4,500**

COVERAGE: All ECUs on off-road equipment (Heavy equipment, Compact machinery, Stationary engines, Street sweepers): engines, transmissions, aftertreatment, hydraulics, body computer.

DEALER-LEVEL ACTIONS: DPF regenerations, Cylinder Cut Out tests, or injector coding, and other for leading brands like Caterpillar, John Deere, Volvo, etc.

IDEAL FOR: Construction companies, equipment rental companies, big fleets, public services, non-specialized all-makes shops, mining companies, forestry companies, roadbuilding companies, airport facilities.

JALTEST MHE KIT*

Part Number: **70001049**

MSRP: **\$ 3,500**

COVERAGE: All ECUs on material handling equipment (Forklift, Articulated boom lift, Pallet jack, Harbour cranes, Lift platform, Material handler): engines, transmissions, aftertreatment, hydraulics, body computer.

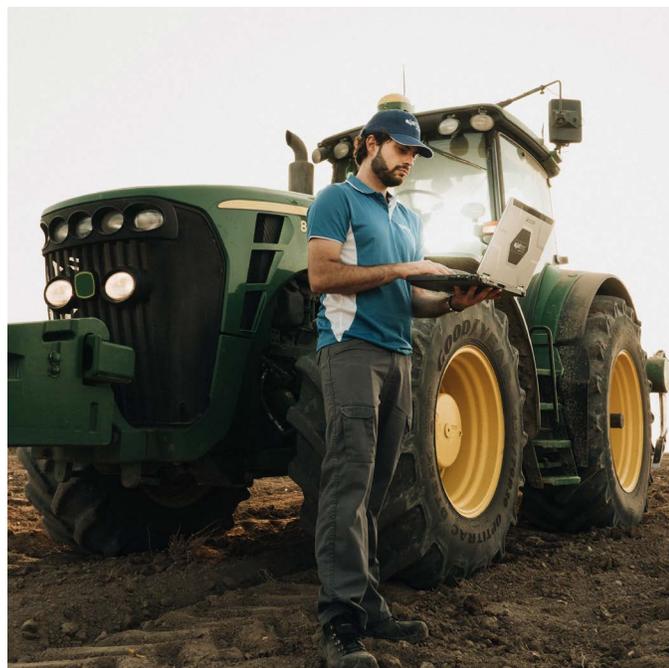

THE KIT SUPPORTS: diesel, LPG, gas, and electric engines, enabling tasks like DPF regenerations, after-treatment resets, injector calibrations, hydraulic calibrations, and more than 86 brands including Hyster/ Yale, Caterpillar, Nissan, Linde, Genie.

IDEAL FOR: Equipment rental companies, companies with big fleets, public services, non-specialized all-makes shops, airport facilities.

*Note: The Jaltest MHE Kit doesn't allow any upgrades.

JALTEST AGV KIT

Part Number: **29210**

MSRP: **\$ 4,500**

COVERAGE: All ECUs on agricultural vehicles and equipment (Tractors, Harvesters): engines, transmissions, aftertreatment, hydraulics, body computer.

DEALER-LEVEL ACTIONS: code injector capabilities, DPF regenerations, transmission calibration and more on over 140 brands like John Deere, Case, Kubota, and New Holland.

IDEAL FOR: Farmers, cooperatives, agricultural repair shops, agricultural vehicle rentals.

WHAT'S IN THE KIT?

WHAT'S INCLUDED?

SOFTWARE ACTIVATION

1 YEAR OF LICENSE

1 YEAR OF JALTEST INFO

WHAT CABLES ARE INCLUDED IN THE KIT?

USB cable

Deutsch 6 pin diagnostics cable

Deutsch 9 pin type 2 green diagnostics cable

OBD diagnostics cable

Multipin kit

II. ADDITIONAL LICENSES / UPGRADES

EXPAND YOUR INITIAL COVERAGE TO A WIDER RANGE OF VEHICLES AND EQUIPMENT.*

	Project	Part Number	Description	MSRP
		293209	This part number adds the Jaltest CV (Commercial Vehicles) to a Jaltest kit. Attention; This one doesn't include Jaltest Info. For CV Technical Information, please refer to page 18.	\$ 3,000

	Project	Part Number	Description	MSRP
		293208	This part number adds the Jaltest OHW (Off-highway/Construction Equipment) to a Jaltest kit.	\$ 1,000

	Project	Part Number	Description	MSRP
		75001004	This part number adds the Jaltest MHE (Material Handling Equipment) to a Jaltest kit.	\$ 500

	Project	Part Number	Description	MSRP
		293207	This part number adds the Jaltest AGV (Agricultural Equipment and Implements) to a Jaltest kit.	\$ 1,000

	Project	Part Number	Description	MSRP
		293211	This part number adds the Jaltest Marine (Full) to a Jaltest kit.	\$ 1,000

*These part numbers include the software activation that is required for every license.

Note 1: Added licenses will align with the main license's expiration date, but cannot exceed one year from their activation.

Note 2: The Jaltest MHE Kit doesn't allow the inclusion of additional licenses.

III. CABLES

RECOMMENDED CABLE KITS*

JALTEST OHW USA CABLE KIT

Part Number: **70002031**

MSRP: **\$ 795.00**

More Info: [web](#)

JDC216A9 JDC504A JDC505A JDC509A JDC523A JDC533A JDC538A

Includes: Cummins, Deutz, Caterpillar, Perkins, Kubota, Yanmar, Volvo CE.

JALTEST MHE USA CABLE KIT

Part Number: **70002032**

MSRP: **\$ 795.00**

More Info: [web](#)

JDC100 JDC504A JDC505A JDC523A JDC544A JDC557A9 JDC565.9

Includes: Deutz, Caterpillar, Perkins, Kubota, E-Controls, Hyster, Yale, Unicarrier, Mitsubishi

JALTEST AGV USA CABLE KIT

Part Number: **70002013**

MSRP: **\$ 795.00**

JDC100 JDC505A JDC506A9 JDC511A JDC512A JDC513A JDC523A

Includes: Caterpillar, Perkins, Case IH, New Holland CNH, Kubota, Deutz-Fahr, Same, Lamborghini, Massey Ferguson.

JALTEST CUSTOM CABLE KIT

Part Number: **29600**

MSRP: **\$ 795.00**

Customize your own cable kit. Choose six of any optional OHW, MHE or AGV cables.
Only 1 custom cable kit per serial number is allowed, and cables can't be repeated. JDC112A (Deutsch 9 pin, PLC adapter - Trailer) is not eligible.

*These connectors are the most common, yet may not cover all types of vehicle under that brand. Other connectors may be needed.

Note*: the daily license is a prorated value to match the existing licenses expiration date. This cannot be purchased for isolated days, always to match the expiration.

WHAT'S INCLUDED

WIRING DIAGRAMS

3,600+ simple, interactive, and easy-to-navigate diagrams (Wiring, Pneumatic and hydraulic, and Fuses and relays) for the different systems configurations. Dynamic search of components included.

TOP OF THE LINE TROUBLESHOOTING GUIDES

Easy to follow step-by-step repair instructions for both, electronic and mechanical issues, linking straight to specific actions to be performed.

COMPONENT REPLACEMENT GUIDES

Embedded step-by-step guides for the installation and/or removal of components, parts, sensors, etc

VEHICLE TECHNICAL DATA

OEM specific standards for the most common vehicle's service adjustments (tightening torques specs, reference measurements, parameters, and diagrams, etc.)

REPAIR TIMES

Information about the time necessary to carry out repair tasks to improve the workshop time management and productivity.

TSB'S

Technical Service Bulletins, and Releases and procedures with updated information published by OEMs about service and processes modifications, revised parts, etc.

THE MOST COMPLETE REPAIR AND TECHNICAL INFORMATION GUIDE FOR YOUR VEHICLES

ACCESS ALL THE TECHNICAL INFORMATION OF JALTEST FROM ANY MOBILE DEVICE, WITH NO SOFTWARE REQUIRED

ADVANCED TECHNICAL SUPPORT

Hire our certified technicians to solve any technical question.

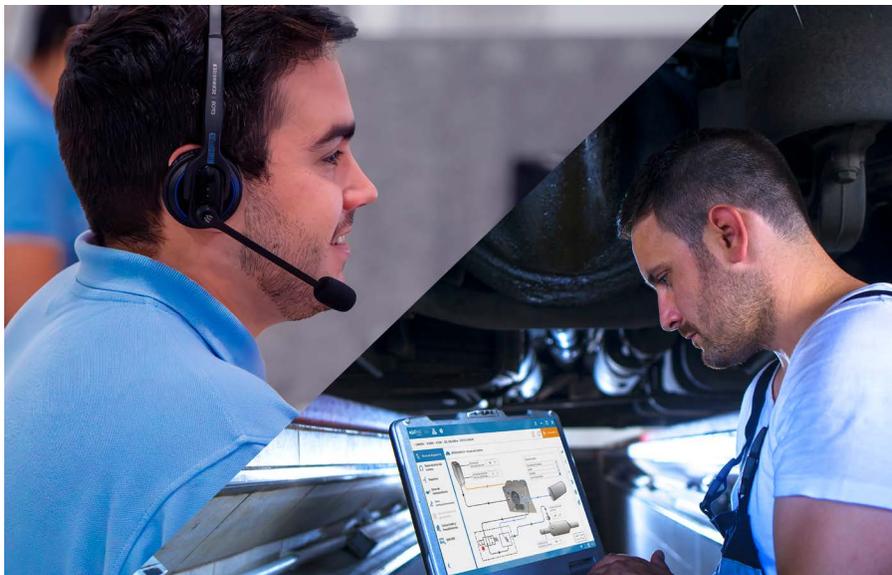

Part Number: **70801005**

MSRP: **\$ 995.00**

This service provides Jaltest users with direct access to US-based ASE-certified technicians, offering expert guidance on vehicle and equipment repair and maintenance.

Available Monday to Friday, 8am to 7pm (Eastern Time). Enjoy a streamlined ticketing experience via software or our dedicated phone line.

ATS subscribers are entitled to 2 **Jaltest Central Services** actions (Detroit Diesel actions are excluded from this offer).

Help running the actions by having the ATS technician on the line

Interpretation of technical information for the user

Access technical information not yet available in Jaltest

REPAIR FOR YOURSELF, BUT NEVER BY YOURSELF

JALTEST CENTRAL SERVICES

EXCLUSIVE DIAGNOSTICS FUNCTIONALITIES WITH REMOTE ASSISTANCE

Hire our team to perform OEM specific calibrations. All you need is an active Jaltest license and the required cables, and our team will handle the rest for you! Our service operates on a pay-per-use basis.

Part Number	Description	Required cables	MSRP
70810001	CENTRAL COMPUTER INTERNATIONAL BODY CONTROLLER UPDATE	-	\$ 150.00
70810002	PACCAR PARAMETERS CHANGE MX PCI EPA 13-17	JDC227.9	\$ 200.00
70810000	CUMMINS REVISION UPDATE	JDCM2150, JDCM2250, JDCM2350-2450, JDCM 850	\$ 250.00
78901069	DETROIT DIESEL ACM/CPC/MCM/TCM ECU UPDATE	-	\$ 495.00

The process is straightforward! Jaltest Diagnostics software will first verify if you meet the initial conditions. Next, you can request the service through your distributor or by contacting Cojali USA. Once payment is processed, you'll be able to schedule a convenient time for a Cojali customer support technician to carry out the service.

CENTRAL SERVICES CABLES PROMOTION

When you buy any of these cables that are needed for the Cummins Central Service action, you get a free Central Service action for free (the Detroit Diesel Central Service action is not eligible).

 <p>78901064 Cummins revision + JDCM850 \$ 285.00</p>	 <p>78901065 Cummins Revision + JDCM2150 \$ 285.00</p>	 <p>78901066 Cummins Revision + JDCM2250 \$ 285.00</p>	 <p>78901067 Cummins revision + JDCM2350/2450 \$ 285.00</p>
--	---	---	--

When using OEM Software, make sure to use these cables:

 <p>JDC 227.9 Deutsch 9-Pin, diagnostics cable, RP1210 \$ 100.00</p>	 <p>JDC 223.9 OBD (V9) diagnostics cable, RP1210 \$ 85.00</p>

BENDIX ACOM AE

Integrate Bendix OEM software in Jaltest and enjoy a seamless experience.

Part Number: **74701011**

MSRP: **\$ 540.00**

More Info: [web](#)

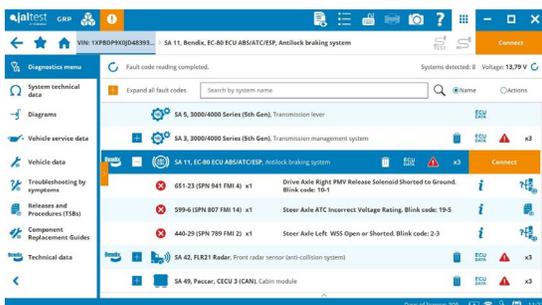

This integration allows former ACom® PRO subscribers an easy upgrade, as Bendix ACom AE replaces it as of September 1st, 2024. The Jaltest license must be active.

Since Bendix ACom PRO (previous Bendix ACom version) is no longer available for purchase, the client who needs to renew their ACom PRO license will need to purchase the new ACom AE license.

Key Benefits:

- Generate Bendix OEM DTC reports for comprehensive diagnostics.
- Access Bendix-exclusive service data sheets and technical information for accurate and reliable maintenance.
- Enjoy expanded coverage only possible with an OEM interface.
- Jaltest users won't need to purchase any additional adapter to work with Bendix ACom when using the Jaltest v9 Link.
- Jaltest will offer a dedicated support line for ACom AE customers: 1-800- AIR-BRAKE (1-800-247-2725), option 2, option 2, option 1. Available from Monday to Friday 8AM to 5PM EST.

Additionally, ACom AE enables parameter modifications on trailers, supports SLC25 anti-collision systems, GSBC, GSAT, and end-of-line trailer testing—offering unmatched OEM capabilities.

VI. RENEWALS

Renewing your license is not mandatory but highly recommended to maintain ongoing software updates. These updates expand coverage and features, enhance speed and navigation, and ensure a safe, smooth diagnostics experience. The renewal process is simple: just choose the number of licenses you'd like to renew—1, 2, 3, or 4.

Please note that the Jaltest CV Renewal doesn't come with Jaltest Info included. In order to maintain access to Technical Information for Commercial Vehicles, you must renew your Jaltest Info license. See the bottom of the page for details.

	Part Number	Project	MSRP
Renewing 1 License	29053		\$ 1,085.00
	29763		\$ 1,000.00
	75101005		\$ 600.00
	29761		\$ 1,000.00
Renewing 2 Licenses	29792		\$ 1,600.00
	29791		\$ 1,600.00
	79001089		\$ 1,600.00
	79001090		\$ 1,600.00
	29790		\$ 1,600.00
	79001091		\$ 1,600.00
Renewing 3 Licenses	79001093		\$ 1,800.00
	29417		\$ 1,800.00
	79001092		\$ 1,800.00
	79001094		\$ 1,800.00
Renewing 4 Licenses	79001095		\$ 1,900.00

RENEW YOUR COMMERCIAL VEHICLES TECHNICAL INFORMATION (JALTEST INFO 29427) FOR \$ 1,000!

VII. OTHER PRODUCTS

JALTEST DATA-LINK

Jaltest Data-Link is the all-in-one tool for running any OEM software, eliminating the need for multiple devices. This Bluetooth-enabled Pass-Thru device comes with essential cables—6-pin Deutsch, 9-pin Deutsch, and OBD—and supports all major protocols: RP1210, SAE, ISO/OBD-II, ISO15765. It's compatible with all OEM software and includes a powerful Generic Truck Diagnostics software for All-Makes, allowing diagnostics even if your licenses have expired.

Part Number: **70001021**

MSRP: **\$ 875.00**

Includes:

70001018
Jaltest DATA-LINK Interface

70003012
Transport hardcase Jaltest DATA-LINK

JDC107.9

X. TERMS OF SERVICE

ADDITIONAL INFORMATION RELATED TO ALL LICENSE TYPES

1. Maximum installations allowed per license: 3 PCs. Jaltest hardware is mandatory to execute Jaltest Software in a PC.
2. With combinations of multiple software products, on the event that not all products are renewed, it will not be possible to access the modules which license has not been renewed.
3. The installation package can be executed only with a license in force.
4. The following modules will only be available with internet connection:
 - 4.1 Troubleshooting by symptoms
 - 4.2 Troubleshooting by fault code
 - 4.3 Vehicle Technical Data
 - 4.4 Releases & Procedures
 - 4.5 Components Replacement Guides y Repair Times

JALTEST RECOVERY FEE FOR NON-MODULAR EXPIRED LICENSES

In the event that a problem impedes to access to Jaltest Software, it is possible to reinstall the latest version subscribed by the customer. To do so, it will be necessary to purchase a Jaltest Recovery Fee.

- The software version must be at least 22.1 or newer.
- If the unit expired less than 45 days ago, the "Recovery Fee" is at no charge.
- If the unit expired more than 45 days ago, there must be a Purchase Order for Part Number 29226 "Recovery Fee" processed through Customer Support (email customersupport@jaltest.com).
- The software version recovered will be the last software version the customer downloaded and installed with licenses in hand (Valid).
- If the unit is expired and the customer wants to change laptops even within 45 days, they must pay the "Recovery Fee" (part number 29226) to be able to install onto another device.

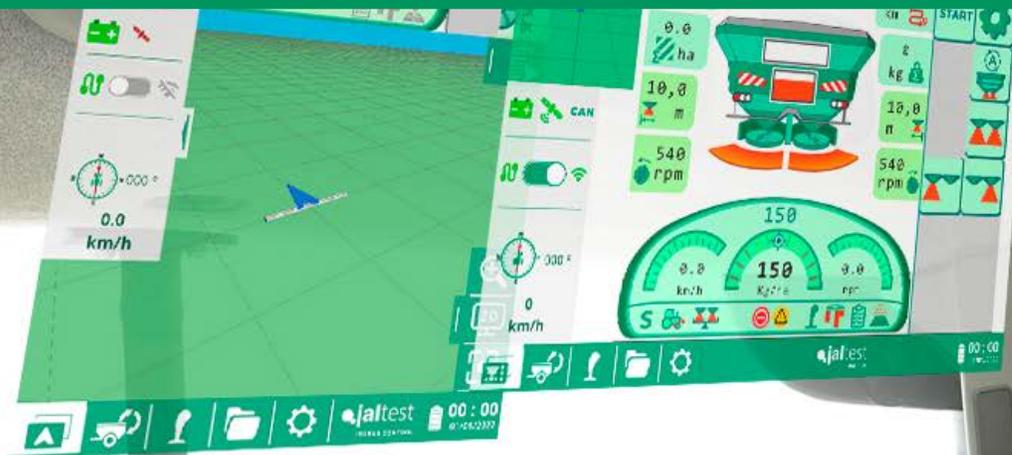

JALTEST RECOVERY FEE

JALTEST TELEMATICS

TECHNOLOGICAL SOLUTIONS FOR EFFICIENT AND SUSTAINABLE FLEETS

Jaltest Telematics, the first ever on board telematics unit focused on Maintenance. Take control of everything else, and develop a key maintenance plan, with DPF Regens launched remotely, proprietary fault codes, and specific system alarms.

LOCATION

Location of the machinery or tracking of the equipment travel for a specific time span.
Safety limit alarms, check of the working area of the equipment.

CLOUD DIAGNOSTICS

Cloud Diagnostics offers real-time monitoring and analytics, allowing you to anticipate issues before they escalate. Reduce downtime, cut maintenance costs, and ensure peak performance across your entire device fleet.

TIMES

Downtime reduction.
Working time.
Comparison of uses between different equipment.

OVER THE AIR BIDIRECTIONAL ACTIONS

Over the air bidirectional actions can eliminate costly on-site interventions by enabling remote tasks like fault code clearing, DPF regenerations, SCR resets, PRV resets, and more. This keeps vehicles compliant, reduces downtime, and ensures smooth operations.

FUEL

Control of the daily fuel consumption mode of the fleet or he work groups.
Sending fuel trucks when required.

FLEET HEALTH CHECK

Tracking of all the machinery from one single screen.
Control of the engine speed rate and other essential parameters for a detailed monitoring of the machinery status.

EFFICIENCY

Check of the workload and coordination of the machinery: It allows the connection between the different machinery associated to a specific task and the check of the workload of each one when performing this task.

MAINTENANCE

Creation and management of the workshop tasks.
Reception and management of work orders.
Predictive maintenance.

TOOLS

JALTEST TOOLS

TOOLS AND SOLUTIONS FOR A COMPLETE AND PROFESSIONAL SERVICE

The new **JALTEST TOOLS** product range is designed to supply the workshop with high-quality professional equipment, in line with the current technology of commercial vehicles.

ADBLUE/DEF MODULE CLEANING KIT

Equipment for cleaning crystallised AdBlue/DEF residues in the dosing module, the injector line and the injector.

It applies to:

- NoNOX system (MAN TGL, TGM, TGS, TGX and Euro 6 buses with AdBlue/DEF Emitec system).
- Emitec AdBlue/DEF system in vehicles with Cummins engine.
- Albonair AdBlue/DEF system (Volvo, Renault, UD Trucks and other Euro 6 vehicles).
- Bosch Denoxtronic 2.2 and Denoxtronic 6-HD AdBlue/DEF system (DAF, Iveco, MAN, other Euro 6 vehicles, agricultural equipment, OHW equipment, etc.).
- AdBlue/DEF Cummins Ecofit UL2 system (DAF, Mercedes-Benz, Scania, other Euro 6 vehicles, agricultural equipment, OHW equipment, etc.).

ADBLUE/DEF CLEANING KIT FOR COMMERCIAL VEHICLES

Part Number: **50105190**

MSRP: **\$ 995.00**

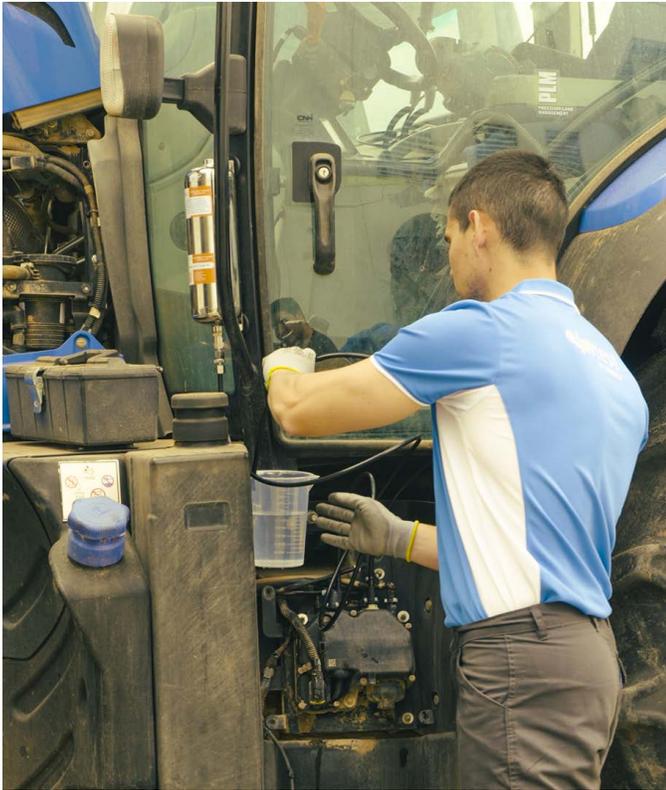

More Info: [web](#)

It applies to:

- AdBlue/DEF Cummins Ecofit UL2 system (CUMMINS, DETROIT DIESEL, NAVISTAR, PACCAR, engines, agricultural equipment, OHW equipment, etc).
- Albonair AdBlue/DEF system (VOLVO & MACK Trucks from EPA13/US14 and other engines based on Volvo V3 Electrical System).
- Bosch Denoxtronic 2.2 and Denoxtronic 6-HD AdBlue/DEF system (CUMMINS, NAVISTAR, PACCAR engines, agricultural equipment, OHW equipment, etc).

ADBLUE/DEF CLEANING KIT FOR CONSTRUCTION, AGRICULTURAL AND MATERIAL HANDLING

Part Number: **50105219**

MSRP: **\$ 405.00**

More Info: [web](#)

It applies:

- Albonair AdBlue/DEF system (VOLVO aftertreatment systems from EPA13/US14 and other engines based on Volvo V3 Electrical System).
- Bosch Denoxtronic 2.2, Denoxtronic 6-HD, and Denoxtronic 6.5 AdBlue/DEF system (CUMMINS, NAVISTAR, PACCAR engines, agricultural equipment, OHW equipment, etc).

JALTEST WST (Wear Sensor Tester)

Jaltest WST is a portable device of small size designed to check the correct operation of brake pad wear sensors as well as their state.

It has a selector that enables the user to choose the type of sensor to be checked and, through a display incorporated to the device, see the voltage value (V) in an easy way.

It reduces considerably the time invested in checks thanks to the cable kit that provides an optimal connection.

JALTEST SST (Speed Sensor Tester)

Jaltest SST is a portable device of small size designed to check the correct operation of active and passive speed sensors. It has two operating modes that comprise tests of both the sensor and the ECU to which it is connected.

Through a lighting panel of LED devices, the user can easily detect potential errors without carrying out difficult and complex tests.

This product enables the user to significantly reduce the time spent on checks and fault detection by spotting the focus of the issue.

PROFESSIONAL DIGITAL MULTIMETER

Portable electrical instrument used to directly measure active electrical values such as currents and voltages; or passive electrical values, such as resistances. It is a handheld industrial-grade digital multimeter, highly reliable, safe and durable. It is designed with IP65 rating and 2-metre drop proof. It is a multimeter of 3 5/6 digits, True RMS with large multiple display screen and auto-ranged. It can measure and test: AC/DC voltage and current, resistance, diode, continuity, capacitance, frequency, duty cycle, temperature (°C or °F) and motor phase voltage. Required test function and troubleshooting function can be performed in petroleum, chemicals, strong electromagnetic fields and other harsh-working environments. Safety standards CAT III 1000V and CAT IV 600V.

COJALI USA, Inc. GENERAL SALE CONDITIONS

The following COJALI USA, Inc. General Sale Conditions shall apply to all business relationships with its clients.

By this document, any previous General Sale Conditions different from these presented will no longer be valid.

1. Definitions

In these Conditions, the following terms will have the meaning indicated hereinafter:

"Seller", refers to COJALI USA, Inc.

"The Client", refers to the natural or artificial person with whom the Seller contracts for the sale of the Goods.

"The Goods", refers to the product sold by the Seller to the Client pursuant to these General Sale Conditions.

2. General Information

The sale and supply of Goods, made by the Seller, will be governed by the present General Sale Conditions, except to the extent otherwise specifically agreed differently in the corresponding offer.

The Client considers disclosure of the General Sale Conditions and accepts them, to all intents and purposes, from the moment in which the order of Goods is placed to the Seller.

If these General Sale Conditions are subject to foreign language translation, the English language shall prevail over any other translation in event of a dispute, litigation, difficulties in interpretation or implementation of the General Sale Conditions and more generally concerning relations between the parties.

3. Intellectual and Industrial Property

The Seller does not own trademarks of the third parties commercialized, which are only used as components of the final products. References to original brands are highlighted to identify products commercialized by the Seller only as guidance. Therefore, the Seller has no corporate relationship with the companies owning those trademarks.

The intellectual and/or industrial property of the Goods, the attached information, the equipment, plans, pictures, software, incorporated or related thereto, belong to the Seller, therefore, its use for other purposes is expressly prohibited to the Client, as well as its total or partial copy or cession of use to third parties without the prior written consent of the Seller.

4. Orders

In order to consider that a Goods order is placed, the Client must expressly accept it, from that moment on, this will be considered binding for both parts. Orders sent by email, fax, or any other means which leaves a written record of acceptance of order by the customer will be fully valid.

The weight, dimensions, capacities, technical specifications and configurations related to the Goods of the Seller included in catalogues, leaflets, pamphlets and technical literature, are indicative and not binding.

Modifications and/or changes in the orders proposed by the Client must be notified to the Seller in written form, by any means that hereby states, and so that the said modifications or variations become valid, they must be expressly accepted by the Seller.

5. Prices

Prices are net; they exclude any taxes, duties or charges, which will be passed on later in the invoice with the corresponding tax rate, as well as any expenses related to the sale of the Goods and their delivery. Except otherwise stipulated in the order, prices do not include transport costs, which will always be billed as a separate concept.

Prices may be changed by the Seller any time with written notification to the Client.

6. Payment Terms

The Client's order accepted by the Seller will include the payment terms for the sale of the Goods.

These terms shall comply with the American Law as Measures to Combat Late Payments in Commercial Operations, without exceeding, under any circumstances, the time limits established therein.

In the absence of an agreement between the parties, the payment shall be made advance in any case.

The payment shall be made to the Seller's bank account.

The payment will be made without any deductions such as non-agreed withholdings, discounts, expenses, taxes or fees, or any other deduction.

If, for reasons beyond the Seller's control, the delivery of the Goods is delayed, the conditions and installments of the contractual payment shall remain.

In case of late payment by the Client, s/he will have to pay the Seller, without any requirement and from the payment due date, and until the actual payment of amounts due is made, the interest in arrears of the late payment, which will be calculated in accordance with the American Law. The payment of these interests will not free the Client from the obligation of making the remaining payments under the agreed conditions.

Likewise, when the Client incurs in arrears, s/he will be responsible for all costs of collection, such as litigation costs or arbitration costs, as well as the attorneys' fees, incurred by the Seller to enforce payment. If the Client incurs in arrears of the agreed payments, the Seller may suspend temporarily or permanently, at its

convenience, the shipment of goods or the execution of the associated services, without prejudice of requiring the Client the realization of the arrears and of demanding, if any, additional compensations for this suspension in the goods delivery or execution of associated services.

7. Domain Reserve

As established in the American Law of the 29th December which regulates Measures to Combat Late Payments in Commercial Operations, the Seller will retain ownership of the Goods supplied to the Client until full payment of their price.

In case of non-payment of the sale price of the Goods by the Client, s/he is obliged to return them to the Seller, being responsible for all costs and risks incurred in such return.

8. Delivery Terms and Conditions

The time and place for the delivery of the Goods shall be specified by the Seller in the acceptance of the order.

The delivery time may be modified when:

- The Client fails to deliver on time the necessary documentation to place an order for the Goods.
- The Client requires changes in the order that, accepted by the Seller, cause a delay in the delivery, which should be duly notified to the Client.
- To carry out an order, it is imperative that the Client or its subcontractors may perform any work and that work has not been implemented on time.
- The Client has failed to fulfill the contractual obligations of the order, especially the one related to the

payments.

e) Due to causes not attributable to the Seller that cause delays in the production or delivery of all or any of the Goods of the order. The following are considered as explaining reasons for the delay: suppliers strikes, transport and services, failure of third party supplies, failure of transportation systems, floods, storms, riots, strikes, strikes of the staff of the Seller or its subcontractors, sabotage, accidental stops of the Seller's workshops due to breakdowns, etc. and force majeure causes included in the current legislation.

In the previous cases, the delay in the delivery will not change the payment conditions on the order of the Goods.

9. Packaging

Except by prior agreement with the Client, which must be expressed and in written form, the price for the packaging of the Goods which is subject to the orders, will not be subject to additional charge over the sale price of the Goods, and no returns will be allowed. According to the American Law on Packaging and Packaging Waste, as the final recipient of our packaging, it is the Client's responsibility to provide the best environmental treatment to it (assessment, reuse or recycling).

10. Inspection and Reception

Once the order is received by the Client, s/he will verify its contents within 15 days from the date of reception, in order to verify any defects and/or faults that may be imputed to the Seller, and shall communicate immediately to the Seller the existence of these defects and/or faults in order to take the measures deemed necessary for its elimination.

Once the days after the date of reception for the order of the Goods placed by the Client have passed, without the Seller receiving any written submission on any defects or faults, the order will be considered accepted, and the warranty period will begin from that date on.

11. Return of Goods. Claims

A period of 15 days is established from the date of reception of the order placed by the Client, so that s/he notifies the Seller of the intention of making a return and justifying it, the procedure for the return must be agreed on. In any case, the claims from the Client to the Seller must be carried out irrefutably and in written form.

The Seller will not accept the return of the goods that have been used, mounted on equipment or subject to dismantling not related to the Seller.

The return of the claimed goods by the Client shall be carried out with the original packaging and in perfect condition.

12. Warranties

The Seller warrants the supplied products in relation to defects in materials, manufacture or assembly for a period of one year; except for Cojali Reman remanufactured products where the warranty period will be six months from the date of shipping of the Goods, counted from the date of delivery of the Goods to the Client.

The warranty shall consist on the repairing or replacement of the items that have been recognized as defective, either by defects in material or by defects on manufacturing or assembly. The repairing will be made at the Seller's workshops, and the Client will be charged with the expenses incurred by the remission of the products or defective items to the Seller, such as charges, transportation, taxes, customs, etc., as well as the costs of the subsequent delivery, once the repair has been made.

The repair or replacement of a defective item does not change the start date of the warranty period of the whole product, which will be of one year, except for Cojali Reman remanufactured products where the warranty period will be six months from the date of shipping of the Goods. Under no circumstances shall the Seller be responsible for the repairing carried out by staff not belonging to its organization.

Remain excluded from the warranty, the damage or defects due to normal wear because of the use of the goods.

Remain also excluded from the warranty, which will still be considered expired, the damage and defects caused by negligence, beatings, misuse, inadequate preservation or maintenance, incorrect or defective assembling or installations, variations in the power quality (voltage, frequency, disturbances...), modifications made to the goods without the approval of the Seller, installations made without following the technical instructions of the goods, and in general, any cause that is not attributable to the Seller. Cojali USA, Inc. is not responsible for any damages caused by its guaranteed products. That is, Cojali USA, Inc. is only responsible for the restitution of the damaged product.

If you encounter any issues with your Jaltest Link, our customer support team is ready to assist. Utilizing our RCA program, in the rare event of communication problems, we'll initially troubleshoot, and if needed, handle repairs at our facilities. For additional details, visit <https://www.cojaliusa.com/repairs/>

13. Disclaimer

The liability of the Seller, its agents, employees, subcontractors and suppliers from the claims arising from the performance or breach of its contractual obligations, is limited and will not exceed the whole contractual base price and will not include in any case the damages resulting from lost profits, loss of income, production or use, capital costs, inaction or delay costs, claims from the Buyer's customers, cost of alternative energy, loss of anticipated savings, increase on the operating costs or any special damages, indirect or consequential or losses of any kind.

Remains excluded the liability of the Seller, its agents, employees, subcontractors and suppliers for additional demands, especially consequential damages. Likewise, it is also excluded the liability for personal, material or monetary injuries that may suffer the Client's staff or any third party for material defects.

The limitation of liability contained hereby shall prevail over anything contained in any other contractual document that is contradictory or inconsistent with it, unless that provision further restricts the liability of the Seller.

14. Applicable Law. Submission to Jurisdiction and Venue

Any commercial transaction with the Client shall be governed by the Arbitration Rules in the Client's own State, which will apply in all matters related to the interpretation, validity and implementation of these General Sale Conditions.

All claims and litigations arising from the content, scope and interpretation of the obligations derived from the commercial relationships, established between the parts as a result of the purchase and sale of the Goods shall be resolved according to the Arbitration Rules of the Client's State Law.

Cojali USA, Inc. reserves its right to payment of any expenses incurred by the efforts for debt collection, including attorneys' fees.

15. UNITED STATES

The Client must understand the content and scope of the General Sale Conditions of The Seller, by signing he document "Acknowledgement of General Sale Conditions" provided at the time of purchase of The Goods.
